

BULLDOG 600 America's Cup Edition

GENERAL

Powered by a staggering MERCURY engine, Bulldog 600 provides an exceptionally comfortable, fun and dry ride. It offers two spacious platforms for eight passengers. One seating area is placed on the aft deck, offering an enjoyable ride to four passengers. A second seating area, for the more adventurous ride, is at the foredeck, and it can accommodate up to five guests. One of Bulldog 600's most prominent features are unique design and custom- made amenities such as sunbeds, bimini top, icebox, numerous storage compartments, a freshwater shower and a high-quality stereo system.
